Tharaka Karunarathne

Senior Software Engineer & Frontend Architect at Eyepax | 12+ Yrs Exp | React, Next.js, WordPress & Modern JS | Designing High-Performance, Scalable & SEO-Friendly Web Architectures
Horana, Western Province, Sri Lanka

Summary

I am a Senior Software Engineer with over 12 years of hands-on experience building fast, scalable, and visually polished web applications. My expertise lies in modern front-end engineering, specifically using React, Next.js, WordPress, and cutting-edge JavaScript frameworks to turn complex UI/UX designs into pixel-perfect, responsive web experiences.Throughout my career, I have progressed from a hands-on Web Developer to Tech Lead and Senior Engineer roles. This journey has allowed me to oversee the successful delivery of a vast portfolio of web projects—ranging from high-traffic business websites to complex, component-driven web applications. Having spent years managing front-end architecture, I focus deeply on performance optimization, clean code quality, and mentoring engineering teams to deliver maintainable solutions.I’m passionate about bridging the gap between design and engineering—ensuring that everything I build is not only accessible and SEO-friendly but also highly optimized for Core Web Vitals (using tools like Lighthouse and GTmetrix).Core Technical Expertise: . Frameworks & Libraries: React.js, Next.js (SSR, SSG), JavaScript (ES6+), jQuery . UI & Styling: HTML5, CSS3, SASS/LESS, Tailwind CSS, Bootstrap, BEM . Interactivity & Motion: GSAP, Framer Motion, ThreeJS . CMS & Build Tools: WordPress, Webpack, Gulp . AI-Assisted Development: Cursor, Claude Code, GitHub Copilot . Design Tools & Version Control: Figma, Photoshop, Git (GitHub / GitLab)I hold a BSc in Management Information Systems (MIS) from NSBM (UCD Ireland). If you are looking for an experienced engineer who combines technical excellence with a sharp eye for design and performance, let's connect!

Experience

Eyepax

Senior Software Engineer
August 2023 - Present (3 years 3 months)
kollupitiya
